Play Area RoSPA Reports

Overview

- The Parish Council has a legal duty of care to users of the Council's land and supplied equipment as well as a moral responsibility;
- The Parish Council must adhere to RoSPA recommendations or it will be likely to be in breach of its duty of care;
- Routine weekly inspections of our four sites are carried out by either Cllr Mrs Ballantyne or the Clerk and weekly evidence sheets kept for reference. This is a visual check for any obvious safety hazards or vandalism requiring action or maintenance.
- Annual inspections are carried out by a registered RoSPA Inspector every summer.

Details

1. The national RoSPA inspector, Mr Ben Wyatt, visited all four sites on 26th June 2024.
2. The purpose of his report is to identify a range of risk factors from very low to very high undertaken using the RPII inspection methodology scores ranging from 1- 25 categorised as low, medium or high risk. Scores are calculated by plotting the likelihood of harm against the severity of the injury sustained. Likelihood is given a score 1-5 as is the severity; these two numbers are then multiplied.
3. 1-7 - Low risk considered tolerable unless remedial work is identified - green
4. 8-12 - Medium risk, some control measures may be suggested - yellow
